Dear Joshua,

The housing bureau called me today and put me in touch with a possibility which I think would suit you very well indeed. Mrs. Carl Aschenbrenner, 1629 La Vereda Rd., Berkeley, wants to rent her house for the second summer session. It is a beautiful place up in the hills and somewhat larger than you would need, but it is close to the campus and thus very convenient. The rate is \$85.00 per month with tenant paying utilities. I have tentatively taken it in your name. Would you write at once to Mrs. Aschenbrenner and confirm, also letting her know approximately when you would be planning to arrive out here and how long you want to stay. I understand she is leaving about the middle of July so if you could get here a few days before the beginning of the second summer session, it would be possible for you to move in.

Yours sincerely,

R. Y. Stanier
